

Item 1 – Introduction

Monterey Private Wealth, Inc. (“MPW”, “we” or “us”) is registered with the Securities Exchange Commission (“SEC”) as Registered Investment Adviser (“RIA”). As an RIA, our services and compensation structure differ from that of a registered broker-dealer, and it’s important you understand the differences. Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS. The site also provides educational materials about broker-dealers, investment advisers and investing.

Item 2 – Relationships and Services

What investment services and advice can you provide me?

We provide investment advisory services, including discretionary and non-discretionary investment management, financial planning and consulting services to individuals, trusts, and estates (our “retail investors”).

When you engage us to provide investment management services we shall monitor, on a regular basis, the investments in the accounts. When engaged on a discretionary basis, we shall have the authority, without prior consultation with you (unless you impose restrictions on our discretionary authority), to buy, sell, trade and allocate the investments within your account(s) consistent with your investment objectives. Our discretionary authority over your account(s) shall continue until our engagement is terminated. When engaged on a non-discretionary basis, you make the ultimate decision regarding the purchase or sale of investments.

When you engage us to provide financial planning and consulting services, we rely upon the information you give us and do not verify or monitor any such information while providing this service. Our financial planning and consulting services are completed upon the communication of our recommendations to the retail investor.

We do not limit the scope of our investment advisory services to proprietary products or a limited group or type of investment.

We generally impose a minimum aggregate account value of \$1,000,000 for investment advisory services, which we may waive or reduce at our sole discretion.

Additional Information: For more detailed information about our *Advisory Business* and the *Types of Clients* we generally service, please see Items 4 and 7, respectively in our [ADV Part 2A](#). Questions you should ask:

Given my financial situation, should I choose an investment advisory service? Why or why not?

How will you choose investments to recommend to me?

What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

Item 3 – Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

We provide our investment advisory services on a fee-only basis, calculated as a percentage of your assets under our management (our “AUM Fee”). Our annual AUM Fee is negotiable and ranges from 0.50% to 1.125% of client assets, depending on the dollar amount of client assets under our management. For clients who place more than \$10,000,000 under our management, the AUM Fee attributable to any amount over \$10,000,000 will be separately negotiated. We typically deduct our AUM Fee from one or more of your investment accounts, in advance, on a quarterly basis. Because our AUM Fee is calculated as a percentage of your assets under management, the more assets you have in your advisory account, the more you will pay us for our investment management services. Therefore, we have an incentive to encourage you to increase the assets maintained in accounts we manage.

We offer our financial planning and consulting services on a stand-alone fee basis. Our planning and consulting fees are negotiable, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s). The client will pay a retainer at the signing of the agreement with the balance due upon delivery of the completed plan.

Other Fees and Costs: Your investment assets will be held with a qualified custodian. Custodians charge brokerage

commissions and/or transaction fees for effecting securities transactions (for example, transaction and redemption fees may be charged for certain mutual fund transactions). These charges will be assessed in accordance with the custodian's fee schedule. In addition, relative to mutual fund and exchange traded fund purchases, certain charges will be imposed at the fund level (e.g. management fees and other fund expenses). In addition, fees charged by Independent Managers who may be engaged to manage all or a portion of a client's account are separate from, and in addition to, our fees.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Questions you should ask:

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

Additional Information: For more detailed information about our fees and costs related to our management of your account, please see Item 5 in our [ADV Part 2A](#). Questions you should ask:

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:

- * Custodians provide support services and/or products to assist us in monitoring and servicing your account.
- * We may recommend rollovers out of employer-sponsored retirement plans and into Individual Retirement Accounts that we manage for an asset-based fee, which increases our compensation.

Questions you should ask:

How might your conflicts of interest affect me, and how will you address them?

Additional Information: For more detailed information about our conflicts of interest, please review our [ADV Part 2A](#).

How do your financial professionals make money?

We are not commission-based. Our financial professionals are compensated primarily on a salary basis. Some advisors also receive a small portion of their compensation as a percentage of investment advisory fees collected by MPW based upon new assets brought to MPW or new client relationships established. You should discuss your financial professional's compensation directly with your financial professional.

Item 4 – Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

No. We encourage you to visit www.Investor.gov/CRS to research our firm and our financial professionals. Furthermore, we encourage you to ask your financial professional: *As a financial professional, do you have any disciplinary history? If so, for what type of conduct?*

Item 5 – Additional Information

Questions you should ask:

Who is my primary contact person? Is he or she a representative of an investment adviser or broker-dealer? Who can I talk to if I have concerns about how this person is treating me?

Additional information about our firm is available on the SEC's website at www.adviserinfo.sec.gov. You may contact our Chief Compliance Officer at any time to request a current copy of our ADV Part 2A or our *relationship summary*.
